

CSSH Club TT @ Torcross 1st September 2021

For the first ever race on the new Torcross Stinger Time Trial course with an uphill finish we had very windy conditions which favoured riders on the outward leg but made things much more difficult on the way back to Strete Gate before the climb to the finish.

Thanks to Gareth Howells for timekeeping and Dave Stembridge for marshalling at Carehouse Cross so that we could race.

It was good to see Andy Morgan taking photos of the riders too as we set off from Strete Gate and on the return as we powered to the finish just before Strete Village. Keep an eye out on the CSSH social media for the pictures which Andy will share soon.

This was the last of our club time trials for 2021. If you are keen to ride more events in 2022 make sure you get involved with club meetings over the autumn and winter where we will decide what we will do. Should we organise more time trials on the Stinger course or do you prefer the regular course with a flat finish?
