

1. Riders travel south. On entering double carriageway section check behind that it is safe to move out from the nearside of the A6, signal to any following traffic that they are turning right then, when it is safe to do so, move across to the centre of the road

2. Riders make as if to turn right into Snape Lane. Check that there is no traffic travelling north bound on the A6.

3. When safe to do so turn north back onto the A6.
