Mamnick is a brand that is inspired by the picturesque scenes of the Peak District, run by a Rutland CC member. Their ethos is to "Do one thing at a time, as beautifully as possible". From chip forks and cycle clips made from Sheffield steel, to leather shoes, shirts and jackets, Mamnick has something, beautifully made in the UK and Japan.

HQ and Parking

This year the HQ is in Edale Village Hall. Numbers will be available at the HQ. Ample parking is available in the National Park pay & display car park (but I'm afraid you will have to pay, unless the machines are broken).

Keep your head up while riding and obey the rules of the road. Remember that marshals are there to warn traffic, not to stop it. Take responsibility for your own riding at all times.

Please note

There are some tight corners on the climb – make sure you stay on the left side of the road. In the past riders have cut the final corner despite oncoming traffic – marshals will be present to prevent this this year. **RIDERS WHO CUT THIS CORNER WILL BE DISQUALIFIED. PLEASE DON'T MAKE ME DQ ANYONE THIS YEAR – STAY ON THE LEFT-HAND-SIDE OF THE ROAD!** There will be catchers at the top, but it is a blind summit so try to stay in control.

Descend carefully. No warming up on the course once the event has begun. **The finish is about 100 metres before the top so start your sprint early. Mam Nick can be a cold descent. Feel free to leave a warm jersey to be transported to the top when you sign on – but please note that you'll have to do this before 9.30am.** Please note that the start is approximately 1000 metres from the HQ – please allow enough time to make your start.

Transporting results: There is no mobile phone reception at Mam Nick. Riders may be asked to take a slip of paper with times on it back to the HQ.

IN THE INTERESTS OF YOUR OWN SAFETY: Cycling Time Trials and the event promoters strongly advise you to wear a **HARD SHELL HELMET** that meets an internationally accepted safety standard. In accordance with Regulation 15 **ALL JUNIOR competitors must wear Protective Hard Shell Helmets.** It is recommended that a working rear light, either flashing or constant, is fitted to the machine in a position visible to following road users and is active whilst the machine is in use.
