

## NOTES TO RIDERS

The following local regulations must be adhered to: -

- No riding with your head down, any rider observed riding dangerously will be disqualified from the event and reported to the CTT District Committee for further disciplinary action. Have a fast, but safe ride.
- NO 'U' TURNS are allowed within sight of either the start or finish area; riders carrying out this dangerous manoeuvre are liable for disqualification from the event & further disciplinary action by the CTT District Committee.
- Numbers will be situated in the HQ; these can be exchanged for a hot or cold drink after the event.
- NO cars to stop or park at the start or finish areas', warming-up by competitors is not allowed along any part of the designated course, after the event has started.
- Static trainers are banned from morning events.
- Riders to take care through Steeple Bumpstead village, parked cars and domestic driveway exits.
- Please note that all competitors are now required personally to sign the signing out sheet when returning their number. Failure to do so will result in the competitor being recorded as DNF.

**Jim Perrin 1937 – 2003**

'A club cyclist for some 50 years, Jim was a tough and resourceful rider who through his long career rode in just about every discipline of our sport. He rode all the big road events in the fifties, sixties and seventies, gradually shifting his focus to time trialling at a local level through the eighties, nineties and into the new millennium when his life and his continuing love of cycle racing were tragically cut short in a senseless accident in a time trial on the E72 (A12) in August 2003.

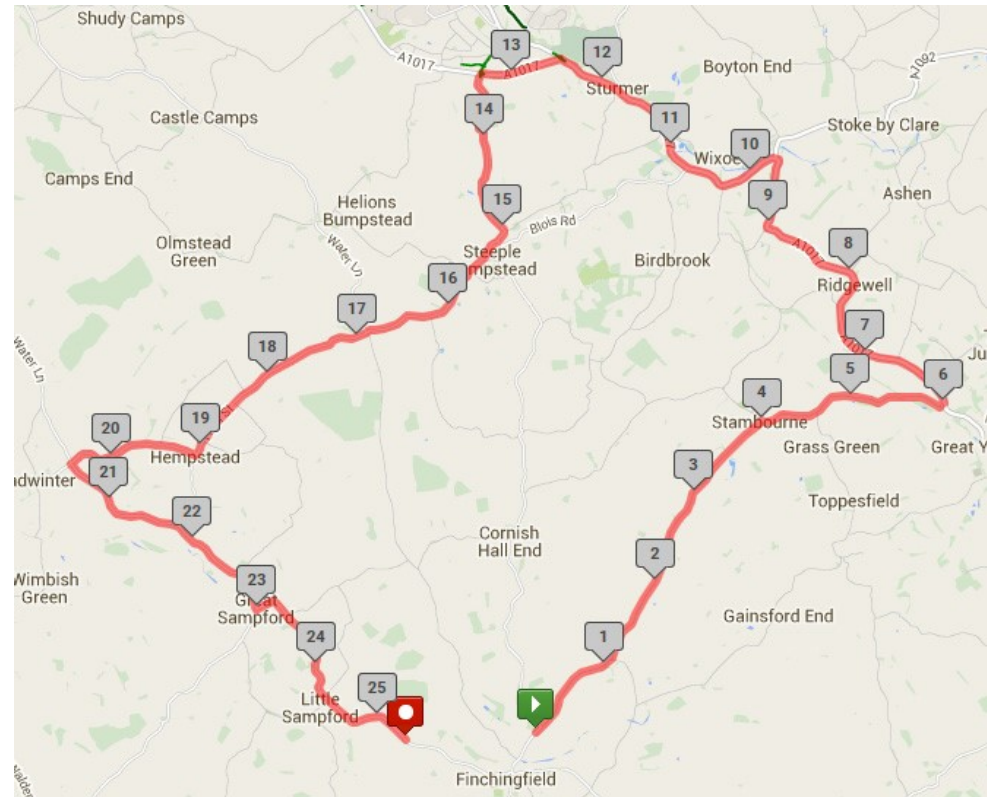

Jim rode in many different club colours throughout his long career, starting with the Vitesse RC, and at different stages represented the Acme RC, The RAF CC, VC Braintree and at the time of his death, was spearheading a crack the Ciclos Uno squad veteran's team. Throughout all this, and from as far back as the early fifties, Jim was associated heavily with the Chelmer CC. He was the Chelmer's club champion from 1976-1978 and racked up most of the club's veteran's records at some time or other.

Training rides left 'Jim's at 9' and it's the roads we are going to race on that formed the basis of many of those training rides. We had long deliberated in the Chelmer how we could pay a fitting tribute to this class act of a rider, and this ongoing event is a suitable tribute to that great rider. Enjoy the day.

#### NOTES

At right turns at Stambourne (3.9 miles) and Steeple Bumpstead (14.9 miles) riders must STOP if signalled to do so by the Marshall displaying the red flag. Failure to do so will result in disqualification from the event and reporting to the District Committee for possible disciplinary action. At the two roundabouts riders MUST give way to traffic approaching from their right. Riders must exercise care when passing parked vehicles in the villages and give way to approaching traffic.

## ORGANISERS NOTES: PLEASE READ

1) Parking — There is limited parking at the HQ, but there is further parking in Stephen Marshall Avenue and around the village green. Parking is fairly informal in the village as it is a popular tourist spot. I was told ‘if you live in Finchingfield, you get used to parked cars.’

HOWEVER, they are not accustomed to cyclists urinating in their gardens or standing naked in the street as they change. Please respect the local residents and use the changing and toilet facilities in the Village Hall without exception. Anybody seen urinating in public will be disqualified from the event.

2) Course — The course is a mixture of small lanes, ‘A’ Roads and ‘B’ Roads. None of the lanes are single track although the lane between Stambourne and Man’s Cross (3.9-5.9miles) is quite narrow, so care is required. You also need to be mindful of passing the parked cars in Steeple Bumpstead and Great Sampford villages respectively. In general, you will get a smoothish ride if you keep well out from the gutter and keep your wits about you! If the weather is either wet or dry, standard road tubulars or clinchers are most likely the sensible choice this year. This is not the time to roll out the Pista CS Evos! Be aware of the riding stables just short of the Radwinter X roads, some horses don’t like disc wheels.

3) Terrain — Given that we are in Essex the course can only be described as ‘rolling’ so no special gears are required. The only hill of note is the hill up to the finish; however, the second half of the course is never flat and with a good wind this should have a suitably debilitating effect for all competitors! Good Luck ☺
