I blame the midges, they were biting everyone on Wednesday night, the start line crew couldn't get away from them. At least the riders could try sprinting away from the midges, hence the reason for so many pb's on the night

Commiserations to Chris Boddy (num 70), posting a 18:24 & setting a new course record (by 20 seconds), then for Chris Bartley (num 76) who's previous pb was 19:01 not only set himself a new pb but took the new course record by two seconds, well done both Chris's, even though Mr Boddy only held the record for less than three minutes. Congratulations to all the other riders who set personal bests, well done.

Lastly thank you to all the riders who used a "decent" rear light. Maria who was timing at the 5 mile point, though some of you only had "little one", you will have to try harder. Once again, thank you for supporting our events
