Prizes

Apologies, as I (dcb) was wanted elsewhere I missed out who won the prizes, but it was probably the Fastest seniors, fastest Under 23's & the best six on Standard, however Paddy may have changed all that. Congratulations to all the winners picking up our "Budget Busting Prizes"!!!

Lastly, We had the Police at the HQ following an incident at Ham Barn Roundabout. From what I understand from the Police it was 50-50 at fault. The Driver thought the rider was going one way but the rider went another way, it was close but fortunately no accident. The rider in question didn't indicate where they were going. Remember, we know you are tired coming over the finish, but indicate all your turns, you are riding a bike not driving a BMW (other cars are available from the Fatherland). On a related matter, the PC drove down the A3 (Southbound) to the reported incident & came across a rider well out in the carriageway, he thought that this was unnecessary. We do put a note on the start sheet not to hog the carriageway. On a positive note the PC did say he didn't see any rider without a rear light, so thank you all. I'm not interested in the rights or wrongs, my concern is the Police are paying attention to our events, we have in the past had a very good relationship, it is something we don't want to cease, we have a very good facility so its up to us all not to put it in jeopardy, please ride with consideration to other road users.
