## RESULTS & Prize winners of the C C Breckland 12-hour TT held 2<sup>nd</sup> Aug. 2020

Promoted for and on behalf of Cycling Time Trials under their Rules and Regulations

Firstly - thanks you for all your kind comments since the event they are appreciated by all involved, this was the 5<sup>th</sup> 12 hour I have organised, I would like to say it gets easier every year but that would be a lie ! This year we had to cope with Covid 19, back in June I wasn't sure if we would be able to run it, the major stumbling block was could we get enough Time keepers and marshals - would they be prepared to help given many were classed as being in the vulnerable and at risk categories. I sent an email out to many of the regular timekeepers and helpers some time before the event to see how many would be willing to help the response was awesome and from that point I knew it was game on. Dealing with the Covid RA advice from CTT was easy to deal with and everyone seems to have taken it onboard. I thank my friend and mentor Don Saunders for his input and vast experience, his suggestion to move the start to West Carr to ease pressure off the HQ and cut down the number of marshals needed for the opening route to circuits was a great idea and it's a change we most likely stick to for future events.

I would also like to thank all the Timekeepers, marshals and helper who gave up their time to help make this a successful event, they were:
