                                 Women – Mary Wilkinson 3m 44.7 2019

Perfect weather and even a tailwind for riders today at Carr Lane. Many riders already had Bib Lane or Snake Pass in their legs but whilst the sub three minute course record as never threatened more than half the field went under four minutes.

We had to go down to tenths to determine a winner with the top three spots taken by rider making a day of it in Derbyshire after travelling some distance.

Thank you to BDCC club colleagues for turning out in numbers to marshal and support riders. It was good to see many other spectators at the finish line.

Thank you to all the riders for respecting our hosts in Palterton. It was so nice to see so many smiles at the finish line 😊 especially from Mansfield Riding Club who turned out in force to probably take the Caledonian trophy back from Bolsover DCC (anyone any idea about where the trophy is, or what the rules of the competition is).

Results:

Nicola Pettit (5:20) took first female in her first hill climb ever and in her first year of cycling. (watch this space). Sonia Insley took second in her second hill climb of the day.

Friend of BDCC Luke Hind claimed the Espoir first place but couldn't quite get under 3:30. Next Year Luke.

Male Vets looked familiar to last years final results with Andrew Laidler (3.33) edging out Daryl Clarke (3.34) who isnt holding any grudge about our one minute mistake from last year (are we forgiven now Daryl); and Simon Warren getting third in 3.47.

A competitive Male senior saw 9./10 entrants beating the 4 minute bar with Tim Podlager coming in 3<sup>rd</sup> at 3:13 but being edged out by first Leon Wright in 3:09; then David Fellows in 3;09. Separated by .25 seconds in the end.

Well done all and we look forward to seeing you all again next year
