Thank you!

A massive thanks to all the marshals, time keepers and helpers who made it such a successful and enjoyable event.

Thank you to all those that made it a safe event.

Without you all this event would not have been possible.

Firstly, thank you to all the riders for supporting this event, which is now in its seventh year. And what a glorious day for racing it was.

Apologies for the late minute 'scare' because of the A1120 being closed. We have since understood that this was due to an early morning RTA that involved a cyclist and a vehicle. While we do not know further details, our thoughts extend to those involved.

This year we ran two events - solo and 2up TTT. The Renny Stirling Memorial Trophy was retained by Lloyd Chapman (apologies again Lloyd for calling you Lee!!) of Loose Cannons Conditioning with a superb time of 43.16! Congratulations Lloyd.

The female category was won by Hannah O'Brian of Loose Cannons Conditioning in a time of 51:33.

In the 2up TTT, the event was won by Gary Freeman and Josh Aiken, both of Orwell Velo in a combined time of 44.41, which is pretty breathtaking considering this time was posted on standard drop handlebar road machines - great work guys!

It is never an easy decision to disqualify anyone, but this year we have had to discount three riders from a placing due to crossing central white line infringements. The consequences of a head on collision are unthinkable, not only for the rider and their loved ones, but also for the organisers and marshals that must witness this. Orwell Velo makes no apology for holding the safety of riders first and foremost and we thank those that have ridden the course safely and within the law. For those DQ'd, please take care out there - the racing line or those couple of extra seconds is not worth putting yourself at risk of a potential life changing event.

Finally, and most importantly, we would like to say a massive thank you to both time keepers, all marshals and helpers. Without the help and commitment of volunteers none of these events would be possible.

Congratulations to all the winners, we hope you all enjoyed the event and we look forward to welcoming you all back in the spring of 2023.
