Adrian Blacker	Cand N Cycles RT	5.50	£20.00		13.59		£15.00 ea

I would like to thank all the riders who supported this event. I hope that personnel targets were achieved.

The scratch section podium times were undoubtedly the closest in the events history and the Target Times were even closer. Congratulations.

Some may wonder why there is a prize bias towards the age standards. This event first saw the light of day when the veteran side of the sport was very much in its infancy so it was run to promote greater participation in this branch of the sport. The trophy is in memory of one of our club members who was an early adopter and competitor in veterans events.

To the early arrivals at the HQ I am sorry for the alfresco signing on. Had I partaken of a larger portion of Weetabix no doubt I would have been able to actually open the main entry door fortunately I think all in all everything ended well.

A big thank you to the timekeepers Kathy Collard-Berry and Mick Irons who both travelled considerable distances to officiate, also to the club members who do all the other jobs Thank You.

My experiment in encouraging riders to supply their own cups rather than using plastic one use cups for the after event beverage was not an astounding success just 5, fortunately china mugs were available.
