In the interests of your own safety, Cycling Time Trials and the promoting club strongly recommend you wear a hard-shell helmet that meets an approved international safety standard.

Please observe the Highway Code at all times. Be prepared to give-way to traffic. Ride with your head up. Do not "white line". Wear bright clothing.

It is recommended that a working rear light is fitted to your machine in a suitable position to be clearly visible to following road users and is active for this event. Event officials must not seek to regulate or interfere with other traffic. Riders waiting to start must do so 20m before the timekeeper and stand into the left in single file. CTT guidelines state that when a competitor is caught by another rider, the overtaken rider should fall back to a distance of at least 50 metres behind the overtaking rider.

On completion of the ride, riders must continue past the finish without stopping or turning in the road. Return to HQ by taking 1st R, 1st R again, and right at T to find the HQ on the R. Times will be posted at the HQ as soon as possible. Please leave the time keepers alone to do their job!

RIDERS PLEASE NOTE: Marshals will be observing at both GIVE WAY points. **DO NOT cross the double white line when turning left at the final give way—any rider doing so will be disqualified.**
