IMPORTANT INFORMATION REGARDING PARKING

Please do not park in the car park of the Blue Bell Pub unless you intend to use the pub for drinks or meals, then it's fine. I have hired the field across the road for us to park in if you want to park at the HQ. You can also find some great places to park on the A168 just to the North of the course in laybys and off roads. They are safe and good if you wish to use a turbo trainer to warm up. If you park in a layby on the course please respect anyone already racing and try not to affect their race. Please park considerately and respect the residents in the village. As always the future of the course is dependent on our respect to the local residents.

Distance from HQ to start location: 1.6 miles. Turn left out of the HQ (or right out of the parking field) and follow Marton Lane to the A168. At this junction turn right and head towards Rabbit Hill Business Park located on the left where the start is located.

Please DO NOT warm up on the course past the start area once the event has started, (anyone seen doing this will be DQ'd from the event). Plenty of good roadway North of the course to warm up, please use these roads.

Promoted for, and on behalf of, Cycling Time Trials, under its Rules & Regulations

They will also be posted 'on line' in a cloud as they come in and you can access them using a QR code that will be posted in the HQ We will collate the results and post them online. We will also post them online to the Jem'Hadar website in social media

channels. We will then email the participants using the address supplied at preregistration. Riders having pre-registered that do not race will be given a DNS on the results sheet.

4. Under 18s.

5. Start List

Appendix A is the rider list with the number assigned to you. This is the number that must be collected from the HQ upon arrival. Please do not swap numbers: your emergency contact details are assigned to this number, we really don't want to be phoning the wrong person in case of an emergency. If you are unable to attend, DO NOT swap your name with someone else. Riders found doing this will not be permitted to race, will be reported to the CTT and will not be accepted in future events.

6. Vehicles on course :

Time trialling under CTT regulations is unsupported. Riders must not be followed, for any reason whilst on course. Any rider suspected of this will be disqualified and reported to the CTT. This practice and so called layby hopping is dangerous for other participants and a nuisance to traffic and will not be permitted under any circumstances.

7. Race Protocol

You will need to sign on to the attendance sheet to collect your number.

Riders are not permitted to warm up on course whilst the race is on. We recommend that you ride up and down the A168 between the finish and the roads north of the course.

The Time Keeper / pusher off person will be checking that riders a) have their number attached and, b) have a working front and rear light. Either of these are missing and you will not be permitted to race.

Make it easy for the finish time keeper, when you cross the line, shout your number as loud as you can. Do not approach the finish time keeper at any point for any reason.

Once you have finished please return your number to HQ and sign out on the official form. It's a CTT regulation and not signing back in will result in disqualification as per the regs.

8. Official Event Photographer

I've arranged for Craig Zad to come and photograph the event, you'll see him on the course. Please see the event photos on the link below and if you like your picture pay the small fee he asks for to download. Remember, he has to run a website, keep his camera kit upto date and pay to travel to the event. His fees are very reasonable. Please respect the copyright, we don't want to lose Craig because of illegal downloads. He could be photographing wedding and making a tidy fee, but he does this as part of our TT community.

9. Refreshments

We will provide tea, coffee, hot chocolate and soft drinks as well as some light snacks. They are free but a contribution of some loose change will help ensure we can put a similar event on next year.

PLEASE DO NOT FORGET YOU NEED A WORKING REAR AND FRONT LIGHT NOW
CTT Regulations state they are mandatory and you will not be able to start without them fitted to your machine and have them working when you set off.

Some Inspiration. Chris Boardman, who some of us raced against in the 80's was often seen racing on fixed.

And 'If Lotus made bikes they'd be fixed wheel' – oh they did make a bike and it was fixed!
