### Important message from the organiser – Tom Cox - and Saint Piran

Ladies and Gents

I would really like to thank you for entering this event, however as you will notice we have a really small field.

Recently Giant Helston had to cancel their 4 up due to a lack of entries, so I would please urge you to speak to all your friends and colleagues and get them motivated so we can get the numbers up for these local races.

We at Saint Piran take the view that we need to support grass roots cycling and if races are cancelled they may not get run again, so we have been very keen to run this race. However, because of the low number of entries, we have not been able to allow for a monetary prize list for this event - 30 riders is typically a break even number financially to run a race. So for this event on this occasion the kudos is riding for the win and a placing in the DC Circuit Championships and I hope you will understand.

On behalf of myself, Saint Piran, and all those who have volunteered to help and without whom this race would not be able to run, I would like to wish you all a safe and enjoyable ride.
